

DEFINITIONS*:

Cancer* or Carcinoma refers to any malignant tumor or abnormal new cell growth or rapid growth in any organ of the body, which has a probability of spreading to other organs through direct extension or through the lymphatic system (lymph nodes), and is usually treated by surgical resection, radiation therapy, and chemotherapy. Metastatic cancer is when the **cancer*** has spread from the originating place to another place in the body.

Cardiovascular Condition* means any structural or functional abnormality related to the heart, blood vessels (arteries or veins) and the circulating blood.

Heart Condition* means any abnormality of any part of the heart (including the blood vessels supplying the heart, heart valves, and pericardium) that impairs the heart's normal functioning. Examples include atrial fibrillation, coronary artery disease, congestive heart failure and pacemaker.

Lung Condition* means any structural or functional abnormality involving your lungs (including COPD - Chronic Obstructive Pulmonary Disease).

Medical Check-up* means a physical exam or personal health visit or a routine visit to a physician or nurse practitioner where a medical examination is conducted or your medical history is updated, or a physical examination is done, or any symptoms were diagnosed, or any screening or relevant tests were recommended.

Medical Condition* means sickness or injury (or condition related to that sickness or injury) that required or requires **medical treatment***.

Medical Emergency* means the unforeseen and emergent occurrence of symptoms for a sickness or injury which, unless treated immediately by a physician, may lead to death or to serious impairment of your health.

Medical Treatment* means any reasonable procedure which is medical, therapeutic or diagnostic in nature, which is medically necessary and which is prescribed by a physician. **Medical treatment*** includes: medical advice, consultation, investigation, treatment, care, service, hospitalization, investigative testing, surgery, prescription medication (including prescribed as needed) or other treatment directly related to the sickness, injury or symptom.

Neurological Condition* means any structural or functional abnormality of the central nervous system (brain) and the peripheral nervous system (nerves).

Respiratory Condition* means any structural or functional abnormality of your airways, lungs, and chest muscles or bones supporting breathing.

Smoker* means a person who uses nicotine, including cigarettes, cigars, chewing tobacco, a nicotine patch, nicotine gum or nicotine capsules for use in vapor cigarettes.

Surgery* means any surgery that required the patient to be hospitalized overnight. Examples include knee or hip replacement, cardiovascular surgery, gastric bypass and gastric banding.

CAA TRAVEL INSURANCE MEDICAL QUESTIONNAIRE

March 1, 2024

ELIGIBILITY:

You are not eligible for any coverage under this Policy if:

- you have been diagnosed with a terminal illness for which a physician has estimated you have less than 6 months to live;
- you have been advised by a physician against travel at this time;
- you require kidney dialysis;
- you have ever had a bone marrow or organ transplant (except skin or cornea transplant);
- you have been diagnosed with and/or received **medical treatment*** for metastatic **cancer*** in the last 5 years;
- you have been prescribed or taken home oxygen for a **lung condition*** in the last 12 months.

INSTRUCTIONS TO THE APPLICANT:

It is important that you read these instructions carefully before completing your Medical Questionnaire.

1. Only **you**, the applicant, can complete and sign your Medical Questionnaire, not your spouse or agent. **Mistakes cannot be initialled. Please complete another Medical Questionnaire. If you have any questions on completing the Medical Questionnaire please call 1-866-286-9323.**
2. You must answer each question truthfully. Your prior medical history will be reviewed at time of claim and if any of your answers are found to be untruthful or inaccurate you will be responsible for the first \$5,000 of any claim, in addition to any Deductible applicable to your policy. You will also be required to pay the additional premium necessary based on true and accurate answers to the Medical Questionnaire, otherwise no future coverage will be provided under the Policy. If you are unsure of your **medical condition(s)*** you must consult with your physician before completing the questionnaire.
3. Your Policy is subject to a pre-existing medical condition exclusion. Please refer to your Policy for complete details of the benefits, conditions, limitations, exclusions and definitions applicable to the insurance purchased.

PRIVACY AND CONFIDENTIALITY

The specific and detailed information requested on the Medical Questionnaire is required to process your application for travel insurance and will be used to establish and serve you as our customer.
